

## Autumn at Twin Oaks

Autumn is such a wonderful time at Twin Oaks Country Day School. The classrooms are alive with vibrant fall colors. Leaf rubbings, apple tasting graphs and magical pumpkins greet us warmly as we enter each room. The children have been baking so many sweet smelling treats like apple muffins, pumpkin bread and leaf shaped cookies.

Our youngest of students enjoyed frolicking in our very own pumpkin patch as well as climbing and playing with their friends on our playgrounds. The older students were buzzing with excitement over the trips they took to the farm, the firefighter's museum and the local public library.

From colors and shapes to letter sounds and sight words the children are already learning a great deal. Storybooks are coming to life through dramatic play and songs and dances are enjoyed by all. Our specialists in Music, Spanish, Movement and Literature are helping to enrich our already wonderful program.

We are all looking forward to our Thanksgiving feasts, our trips to see "Who Took Tom Turkey" and so much more.

The months ahead promise to bring fun, laughter and creativity in all aspect of our learning.
